HELP US KEEP EVERYONE SAFE!

LIFE JACKETS ARE STRONGLY ENCOURAGED!
They are available free of charge and are located at designated locations around the swimming lake.

Please keep in mind that parents or guardians are responsible for watching the children that they bring. Our lifeguards are here to help prevent accidents by enforcing the rules but you are responsible for watching and keeping track of your own children. If the children in your care are not competent, independent swimmers, you need to stay within arm's reach of them at all times.

If your child appears to be struggling and an adult is not within arm's reach, a lifeguard may require your child to wear a life jacket.

If a lifeguard finds it necessary to go into the water for your child, you will be required to fill out a form provided to you, by the office.

If young children are continually left unattended, you may be asked to leave.

Diving Board Area is reserved for strong swimmers only. Swimmer must use appropriate swim strokes while in roped off area.

Help us keep our water clean!

- Please take your toddlers to the restroom frequently.
- Do not let a child who is ill swim in the water; especially if they are vomiting or have diarrhea.
- Plastic diaper covers are Health Department recommended and are available at the Beach House for a minimal cost.
- Please discourage your children from digesting the swimming water by not letting them put it in their mouths.
- PLEASE WATCH YOUR CHILDREN AT ALL TIMES!
